SPRING 1940

Do Not Miss This Wonderful Opportunity to Stock Up at These Very Low Prices!

I wish to assure you that each and every order will have my personal attention and that the same care will be given in digging, grading and packing as I have always given in the past.

TERMS:

We positively will not ship C.O.D., unless 50 per cent of total accompanies order unless you are known to us or wish to give bank and trade references. Shipments made any time up to May 1, 1940, packing free.

I personally look after digging and packing each and every order. When you buy of me you get real service and good stock treated in the proper way.

Dunn, North Carolina

RED HOT PRICES INSIDE

Condition of Sale

NON-WARRANTY: We give no warranty expressed or implied as to description or variety, quality, productiveness, or any other matter of any nursery stock, seeds, bulbs, or plants sold by us—the purchaser assuming all risks and responsibility of the transportation, and all risks as to life and growth. We quote for immediate acceptance, subject to prior sale, and to stenographic, typographical errors, or omissions. All orders are booked subject to loss, or damage from unavoidable weather conditions, delays, and contingencies beyond our control.

CONDITION OF SALE:—We accept all orders upon condition that they shall be void should any injury befall stock from causes over which we have no control and subject to stock being sold out.

C. O. D. Shipments will be considered as cash order, only when deposit of 25 per cent is sent with order. Specimen stock not listed in Catalog will be charged for according to its value.

A trial order will fully convince you that it will be hard to equal our splendid values elsewhere.

SPECIAL NOTICE:—This list is intended for the TRADE ONLY. If it reaches people NOT entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

DUNN EVERGREEN NURSERY
Dunn, N. C.

SPECIAL NOTICE!

Mr. Nurseryman! We are always glad to have you visit our nursery. We appreciate your business and will give you the same service on a \$5.00 order we would on a \$500 order.

We are located on N. C. Route 22, U. S. Route 301. No. 60 runs through our city. We are 41 miles south of Raleigh, N. C., State Capital; 100 miles east of Greensboro, N. C., 190 miles south of Richmond, Va., 25 miles north of Fayetteville.

18-24 inch	8.00	

**CLERODENDRON TRICHOTEMUM—
HARLEQUIN GLORYBOWER—**

A strong growing shrub with panicles of white flowers produced in August followed by handsome blue berries in the fall.

	100	1000
2 year beds, 15-18 in.	\$4.00	\$30.00

CRYPTOMERIA—Japan Cedar—*Cryptomeria japonica*. 100 ft.—

A native to Japan where it is much planted and used for timber. Easily grown and hardy to Washington, D. C. A graceful and rapid grower. Foliage somewhat resembles the Norfolk Island Pine.

	100	1000
1 year beds	\$4.00	\$35.00

CUNINGHAMIA (Chinese Fir)—

The Cunninghamia or Chinese Fir is among the most popular of the Firs. The needles are long and a beautiful shade of green, extensively used in landscape.

	100	1000
6-8 in.	\$8.00	\$60.00

CYPRESSES FASTIGIATA—

One of the most slender of Columnar trees. One that is very much admired and desirable where a columnar effect is sought.

	100	1000
1 yr. beds, 6-8 in.	\$4.50	\$40.00
2 yr. beds 8-10	7.50	60.00

CYPRESSES (Cypresses *Sempervirens*)—

This Columnar Italian Cypress. This well known and popular conifer is most desirable where a formal effect is required. It is compact and shaft like in habit, always plant in a dry sunny location as it will not stand excessive moisture.

	100	1000
2 year beds, 6-8 in.	\$6.50	\$50.00

CYDONIA JAPONICA (Flowering Quince)

	100
2 year beds, 6-12 in.	\$8.00

CYASSUS NIGRICIANS (Spike Broom)

	100	1000
1 year beds	\$4.50	\$40.00

CYTISUS Scoparius (Scotch Broom)

	100	1000
1 year beds	\$4.50	\$40.00

EXOCHORDA—Pearl Bush—*Exochorda grandiflora*—

A desirable, large shrub, from China, with pure white flowers produced in great profusion about the middle of March. When in full bloom the plant has appearance of a snowbank, and when planted in a mass is most conspicuous. Does not require much pruning. 10 feet.

	100	1000
1 year beds	\$4.50	\$40.00

ELAEAGNUS—Japan Oleaster—*Elaeagnus pungens*.—
10 to 15 feet. Leaves 2 to 4 inches long, very dark green above, silvery beneath; margin of leaf undulating. Creamy white, fragrant flowers produced in November. A beautiful shrub.

	100	1000
1 year beds, 3-6 in.	\$4.50	\$40.00
2 year beds, 8-12 in.	6.50	55.00

FRENCH HYBRID LILAC—

The French Hybrids are a marvel of beauty and elegance, far superior to the older varieties.

	100	1000
3-6 inches	\$7.50	\$60.00

GARDENIA (Cape Jasmine)—

A beautiful evergreen with dark green leaves. Produces an abundance of very fragrant double pure white wax-like flowers.

	100	1000
2 year beds, 3-6 in.	\$4.50	\$40.00

Genista Tinctora (Woadwaxen)—

	100	1000
1 year beds	\$4.50	\$40.00

Genista Aetnoscia ,Aetna Broom)—

	100
1 year beds	\$5.00

HIBISCUS—Althea--*Hibiscus syriacus*—(Althea frutex; Shrub Althea). 10 ft.—

The single, semi-double, and double flowers are produced from May until September. When planted in masses of contrasting colors, the effect is most pleasing. The varieties we offer are nearly all of dwarf growth and are far superior to the old sorts.

	100	1000
1 year beds 6-12 in.	\$3.00	\$25.00

HYDRANGEA PANICULATA—Hydrangea. 12 ft.—

When given a rich, moist soil, protected from afternoon sun of summer and the plants kept well enriched, there is nothing more attractive than a mass of well-developed specimen Hydrangeas. They are also very desirable when grown single or in tubs. Several varieties vary in color from pale rose to blue.

	100	1000
2 year beds, 4-8 in.	\$8.00	\$75.00

ILEX—HOLLY—Continued. I. crenata (Japanese Holly). 4 ft.—

A much branched evergreen shrub, with oval, crenate leaves. Makes a splendid specimen, and is very desirable for hedge-planting. Berries black.

	100	1000
1 year beds	\$5.00	\$45.00

KERRIA—Globe Flower *Kerria japonica floraplena* (*Corchorus japonicus*). 6 ft.—

An old favorite. It is of spreading habit, with double

yellow blooms about an inch in diameter, which appear early in April. Effective for massing.

	100	1000
1 year beds. 3-6 in.	\$6.50	\$55.00

KERRIA JAPONICA—

A green-branched upright shrub with yellow globe-shaped flowers blooming all summer.

	100	1000
1 year beds, 3-6 in.	\$6.50	\$55.00

KOELREUTERIA Paniculata (Goldenrain Tree)—

	100	1000
1 year beds, 4-8 in.	\$6.50	\$55.00

Laburnum Bulgare (Golden Chain)—

	100	1000
1 year beds \$4.00	\$4.00	\$40.00

Ligustrum, The Privets—LIGUSTRUM JAPONICUM (Japanese Privet)—

A very handsome broad leaved variety with large, dark-green leaves. Flowers produced in panicles followed by purple berries which are retained during the winter, giving the plant a very pleasing appearance. This plant can be grown into a small tree, can also be trimmed into a pyramidal, standard or other forms. Ultimate height, 20 to 30 ft.

	100	1000
2 year beds, 12-18 in.	\$5.00	\$45.00
2 year beds, 8-12 in.	4.00	35.00
2 year beds, 6-8 in.	3.00	25.00

Ligustrum Nepalene (Nepalene Privett)—

	100	1000
1 year beds \$4.50	\$4.50	\$40.00

LARCH (Larix) European.—

	100	1000
2 year beds, 6-12 in.	\$6.50	\$50.00

LONICERA TATARICA—Bright Red Tatarian Honeysuckle—

Strong grower, bright red flowers in June followed by red berries.

	100	1000
2 year beds, 12-15 in.	\$4.50	\$35.00

LIGUSTRUM LUDICUM (Glossy Privet)—

A beautiful form of Japanese Privet. Leaves large, thick, ovate, lanceolate of a very dark shining green. Large heads of white flowers produced in May, followed by black berries, which are retained throughout the winter. Hardy at Baltimore. A most desirable variety. Attains a height of 20 feet.

	100	1000
2 year beds, 4-6 in.	\$5.00	\$45.00
2 year, 6-8 in.	6.00	50.00

NANDINA DOMESTIC—

A well known red berry bearing plant, the delicate foliage of the Nandina is a brilliant dash of gorgeous orange, red or crimson color in winter. In Autumn it is covered with clusters of small red berries, and is one of the three plants most used in landscape work.

	100	1000
3 to 6 in.	\$5.00	\$40.00

PINUS (The Austrian Pine) —

The Austrian Pine is equally satisfactory for seashore planting and for inland country. A fast growing tree, the leaves are two in a sheath, straight and slender.

	100	1000
Austrian Pine, 3-6 in.....	\$3.50	\$25.00

PHOTINA GLABRA —

New growth of this plant is vivid red and very attractive among other evergreens during growing season. Should be clipped often to induce more new growth.

	100	1000
1 year beds, 3-6 in.....	\$6.50	\$55.00

PICEA EXCELSIA (Norway Spruce) —

For many years Norway spruce has been highly appreciated because of its rapid growth, its thriftiness, and its heavy masses of deep green foliage. Some of the finest old hedges are of Norway spruce as the trees can readily be pruned to any desired height. On farms and around homes all over the country Norway Spruce windbreaks are giving substantial protection to stock and buildings. Norway Spruce is a tall, picturesque and hardy tree, graceful in all its lines, and well adapted to planting over a wide range of territory.

	100	1000
3 year, 6-8 in.....	\$7.50	\$70.00
2 year, 4-6 in.....	5.50	50.00
1 year, 2-4 in.....	3.50	30.00

PITTOSPORUM —

Broadleaf evergreen shrub with beautiful bright green foliage clustered at the ends of the twigs. Flowers in spring, can be pruned any shape. No shrub suitable for Southern-planting surpasses Pittosporum Tobira. They are suitable for seaside planting, not particular about the soil they grow in.

	100	1000
2 year beds, 4-6 in.....	\$6.00	\$50.00
1 year beds, 2-4 in.....	5.00	40.00

PHOTINA VILLOSA (Red berried Photinia) —

	100	1000
2 year beds, 4-8 in.....	\$5.00	\$45.00

PIERIS japonica, Japanese Andromeda or Japanese Fetter-bush. —

Fine ornamental shrub with pendulous clustered white flowers.

	100	1000
2 year beds	\$5.00	\$45.00

PINUS MONTANA MUGHUS —

Perhaps the most useful of the dwarf pines for foundation plantings. Very bushy and low.

	100	1000
1 year, 2-4 in.....	\$5.00	\$45.00
3 years, 3-6 in.....	7.00	65.00

**PRUNUS SERRULATA SACHLINESIS
FLOWERING CHERRY —**

These beautiful trees are among the most valuable and

worthwhile of the early flowering plants. Their showy blooms form a blaze of color and rare loveliness in the spring.

	100	1000
18-24 in.	\$6.50	\$50.00

PYRACANTHA coccinea Ialandi, Laland Firethorn—

A broad spreading semi-drooping shrub. Covered with white flowers in early spring followed by bright orange berries, which remain throughout the winter. 8 feet.

	100	1000
1 year beds	\$4.50	\$40.00
2 year beds, 4-8 in.	6.00	50.00
3 year beds, 8-10 in.	7.00	

PYRACANTHEA (Firethorn)—

This outstanding evergreen shrub is rapidly gaining in popularity. Produces an abundance of white flowers in summer, followed by clusters of yellow berries which cling to the plant all during winter.

	100	1000
2 year beds, 4-8 in.	\$8.00	\$70.00

SOPHORA Japonica (Japanese Pagoda Tree)—

	100	1000
1 year beds	\$4.50	\$40.00

SHRUBS AND TREES—ACER PALMATUM (Japanese Maple)—

This species and Acer Japonicum are known as Japanese maples. They are extremely handsome shrubs of dense though graceful habit, and with elegant foliage, beautiful especially in spring for its delicate shades of green and red, and again in autumn when the leaves assume the most striking tints. Largely used for grafting stock for the many Japanese varieties.

	100	1000
2 year beds, 6-8 in.....	\$4.50	\$40.00
2 year beds, 4-6 in.....	3.00	25.00
1 year beds, 3-4 in.....	2.00	18.00

SYRINGA (Bulgaris Lilac)—

A beautiful old fashioned shrub covered with purple blossoms in April, seldom ever attacked by disease or insects, no planting should be without one of these old fashioned plants.

	100	1000
1 year beds, 4-8 in.	\$4.50	\$40.00

STYRAX JAPONICA ABASSIA, Frangrant Snowbell

A very attractive shrub with large green leaves, a thrifty grower more beautiful foliage than the Japanese Snowbell.

	100	1000
1 year beds, 4-8 in.	\$6.00	\$50.00

STYRAX JAPONICA, Japanese Snowball—

Attractive erect shrub with horizontal branches, bearing fine foliage and in July bellshaped flowers.

	100	1000
1 year beds, 4-8 in.	\$6.00	\$50.00

SUGARBERRY TREE (A Species Of Hawthorn)—

Commonly known as a Sugarberry tree. This is by far the most attractive shade tree known. Grows to a height of 50 feet. The branches are covered with small pointed dark green leaves and is so dense that the sun rarely shines through during the day. It has a spread of 100 feet, grows wonderful in a dry poor soil, an advantage over the majority of trees.

	100	1000
2 year beds, 18-24 in.	\$6.00	\$55.00

THUJA ORIENTALIS (Oriental Arbor-Vitae)—

	100	1000
3 year, 12-18 in.	\$5.25	\$45.00
2 year, 8-12 in.	4.00	35.00
1 year, 4-6 in.	3.50	25.00

THUJA ORIENTALIS NANA (Dwarf)—

	100	1000
2 year beds, 4-6 in.	\$5.00	\$40.00

THUJA ORIENTALIS COMPACTA—

A compact, dwarf conifer with green foliage. Excellent for lawn and for urns. Neat and attractive.

	100	1000
2 year, 4-6 in.	\$6.00	\$55.00
